

# Day 3

## Aufgabe 1)

### Übersetze den Dialog auf Deutsch in dein Heft.

**Ellie:** Hello. My name's Ellie Cole. I have an appointment at twelve o'clock.

**Receptionist:** Oh, hi Ellie. Hello, Mrs Cole. You can go in. The doctor is free.

**Doctor:** Hello, Ellie. Come in and sit down. Hello, Mrs Cole. So, what's the problem, Ellie?

**Ellie:** Well, I have a headache, and my throat is a bit sore and I think I have a temperature.

**Doctor:** OK, let's have a look at you. Well, Ellie, the good news is: You don't have a temperature. Your throat is a bit red, but it's OK. How is your headache now?

**Ellie:** It's OK, not too bad.

**Mum:** Doctor, I'm a bit worried about Ellie. She often feels ill. Sometimes it's her stomach, sometimes she's tired ...

**Doctor:** I see, well, you look OK to me now, Ellie. But sometimes you don't feel great ... is that right?

**Ellie:** Yeah.

**Doctor:** Well, maybe it's something small, for example, do you sleep enough? You know you need about nine hours sleep a night. Do you think you always get that, Ellie?

**Ellie:** Well ... Not always.

**Doctor:** What time do you go to bed ... usually?

**Ellie:** Oh, about eleven o'clock.

**Doctor:** Hmm ... eleven o'clock is quite late. What about sport? Do you do sport?

**Ellie:** Well, I like tae kwon do.

**Doctor:** That's a brilliant sport.

**Ellie:** Yeah, but it's a bit diffi cult because I have a Saturday job and now tae kwon do is on Saturday mornings, so I can't go.

**Doctor:** That's a pity. Do you like your Saturday job?

**Ellie:** Yes, it's good fun.

**Doctor:** Hmm, that's diffi cult. Hmm ... Do you eat healthy food?

**Ellie:** Well, mum cooks healthy food, but I don't always eat it. Healthy food is boring!

**Mum:** Oh Ellie ...

**Doctor:** What about breakfast? Do you always have a good breakfast?

**Ellie:** Well, not always. Sometimes I don't have time.

**Doctor:** Are you worried about anything, Ellie? Maybe at school?

**Ellie:** School? No, school is OK. But I'm worried about my dad because he's lost his job.

**Doctor:** Oh dear. I see ...
